Patent Litigation and Dispute Resolution is an authoritative, insiders perspective on key strategies for representing clients involved in a patent dispute from the standpoint of both plaintiffs and defendants. Featuring partners from some of the nations leading law firms, these experts guide the reader through the different phases of a patent case and the key considerations for each phase. These top lawyers reveal their advice on filing a suit, claim construction proceedings, discovery, and other important pre-trial stages. From understanding client goals to discussing settlement opportunities, these authors explain important factors in weighing litigation costs and developing a strategy that will be in line with the clients business objectives. Additionally, these leaders discuss litigation avoidance through effective licensing, key jurisdictional considerations, and the influence of recent developments and trends in patent law.
