"Boastful parents who can laugh at themselves, as well as their cherished offspring, will find abundant chuckles in these pages." — PUBLISHERS WEEKLY (starred review)

It's never too early to start bringing up the smartest baby in the whole world. So thinks the expectant Mrs. Brains, who reads to the baby

inside her tummy every night and plays music and language tapes to her baby during the day. And soon enough, Mr. and Mrs. Brains have their very own Baby Brains! He reads the paper, fixes the family car, and works as a doctor in the local hospital. Now even the space program is calling on him. Is there anything Baby Brains can't do?
