On 12 August 1983, Judy Johnson called the police and told them her two-year-old son had been sexually abused at Virginia McMartin's Preschool in Manhattan Beach, California. Mrs Johnson accused a teacher, Raymond Buckey. After searching the school and the homes of the owners and teachers, police distributed a letter to parents of children attending the McMartin Pre-school urging them to ask their children if they have witnessed any acts of sexual molestation by Buckey. The result was mass hysteria. None of the allegations were true. Investigative journalists Paul and Shirley Eberle witnessed the McMartin Trial and uncovered stunning amounts of prosecutorial misconduct, all revealed in this disturbing book.
