Far Out You don't need a telescope to look into space--now you can check out OUR SOLAR SYSTEM up close and personal. This puzzle features a colorful photographs of planets, dwarf, planets, and satellites including Charon, Ceres, and the New Horizons Satellite scheduled to reach Pluto and Charon in 2015. Kids will love having on-the-floor fun while exploring outer space without leaving their homes. OUR SOLAR SYSTEM is a 3' x 2' giant floor puzzle with 48 extra-thick jumbo pieces tough enough for little hands. When they put the puzzle together, kids will develop, enhance, and strengthen: - Visual discrimination - Eye-hand coordination - Motor skills - Imagination - Storytelling abilities Sure to be a family favorite for years to come, OUR SOLAR SYSTEM is the giant floor puzzle for all outer space fans Appropriate for children ages 3 and up.
