This course is specifically targeted at Russian speakers wanting to quickly grasp the

elements of basic English. Essential English vocabulary with Russian translations is set to specially-composed music. This is an extraordinarily effective way of embedding new information into your long-term memory. This audio is ideal for people needing to learn English quickly and who don't have time to go to language school or pore over books. The vocabulary you will learn will be very practical, focusing on helping you settle into the UK as smoothly as possible. The CDs can be listened to whilst driving, commuting, ironing, doing the housework they can be easily fitted into even the busiest person's daily routine. Plug in, listen whilst you're out and about, and build up your basic English vocabulary in no time! Vocabulary related to the following topics will be covered: * Housing * Registering with doctor * Opening a bank account * Transport * Greetings
