出版时间:2009-07-06

装帧:Paperback

isbn:9780205645190

Professor David Stewart called upon his 30 years of teaching experience to introduce readers to the important study of faith and reason. Beginning students often find primary sources alone too difficult so this text offers primary source materials by a variety of significant philosophers--including a balanced blend of classical and contemporary authors--but the materials are supported by clearly written introductions, which better prepare readers to understand the subject matter.
