The Changing Role of Academic Law Librarianship is an authoritative, insiders perspective on key strategies for understanding and navigating the current trends in law school librarianship. Featuring library directors and managers representing some of the nations top law schools, these experts guide the reader through the history of law school librarianship and outline major elements of the librarians role today, including monitoring budgets, allocating resources, harnessing new technologies, and enhancing research education. These top librarians give tips on addressing some of the challenges inherent in a changing landscape, such as improving interlibrary loan services, cultivating modern pedagogy, and evaluating titles and volume counts. Additionally, these leaders give tips on stimulating student legal research skills, digitizing rare materials in collections, marketing, and communicating services, and maximizing the librarians managerial role. The different niches represented and the breadth of perspectives presented enable readers to get inside the minds of some of the leading information managers of today, as these experienced law school librarians offer up their thoughts around the keys to navigating an ever-evolving profession.
