A young, healthy accountant dies in the emergency room, and the doctors are unable, or unwilling, to give his wife a clear reason why. Now, it's attorney Jessica Lamm's job to uncover the truth. As the hospital's lawyer grinds the case to a halt, she enlists the help of a colleague. What they discover reveals far more than a simple malpractice suit. The trail leads them deeper into a mire of shady corporations, embezzlement, and drug trafficking. But the more they find, the less Jessica is convinced their prime suspect, the attending ER doctor, is guilty. She will need all her skill and ingenuity if she is going to pin down the real killer.
