Heres a tip: if your ex-husbands mistress-cum-missus asks for your help in proving that he cheated on her while he was married to you, just say no. And, whatever you do, dont invite her in . . .Coffeehouse owner Maggy Thorsen does just that when Rachel Slattery Thorsen comes knocking on her door. When the new Mrs Thorsen disappears that same evening, Maggy quickly finds herself embroiled in a murder investigation involving Rachels hotelier family Milwaukees answer to the Hiltons.
