Have you ever said to yourself: 'I can't believe I just did that! What was I thinking?!" Well, the truth is that you probably weren't thinking at all. You were having a blonde moment. Blonde moments happen to all of us from time to time, whether it be a daft comment, a well-intended quip gone badly wrong or simply the art of getting into an unbelievably sticky situation. The best thing to do at times like these is to laugh them off. "Blonde Moments" celebrates the downright stupid things that we all do and makes us feel better about our own gaffes by comparison. This book includes: quotes and witticisms from famous 'blondes'; real life 'blonde' situations; 'blonde' sayings and jokes; a look at 'typical' blondes; and, blondes in the movies. For the times when you wish the ground would just open up and swallow you whole, "Blonde Moments" offers a hilarious form of solace and the perfect gift for the 'blonde' in your life this Christmas.
