This is the second edition of the book "Vietnamese for Beginners" by Jake Catlett. It

contains the book and three CDs. This edition is much improved from the first one. The Vietnamese language made easy Vietnamese for Beginners is designed for either self-study or classroom use. It teaches all four language skills - speaking, listening (when used in conjunction with the audio), reading and writing; and offers clear, easy, step-by-step instruction building on what has been previously learned. Lots of exercises and useful phrases. Very user-friendly and fun to use. There is an audio version that follows the book. Three CDs are available separately.
