This title presents all the knots a boater needs! With step-by-step illustrations of 45 essential knots, plus information on how best to use them, this 52-card deck is the follow-up to the bestselling "Chapman Knots for Boaters" (9781588167781). Not only do the cards explain the parts of a knot, they outline such basics as how to coil, toss, clean, splice and maintain lines and troubleshoot common errors. There's a single, laminated, water-resistant card for every knot and they're all classified by usage and colour-coded into logical sections. Portable and practical, this invaluable deck is a must-have on board every boat.
