Growing up on the South side of Chicago, Trace Reese had to be strong. Growing up in the 80's when drugs were rampant and times were changing fast. Wanting to be married and to make her dreams come true, she follows her boyfriend to Miami only to discover that his dreams did not include her. She lives the lifestyle of the rich and famous, but secretly she still yearned for love. Real love. Will she sacrifice all she has to get the affections of strange men? Will she lose the love and respect of her daughter? How does a celebrity lead a double life? Somehow Trace pulls it off. For awhile anyway. Will her world come crashing down when one man discovers her dirty little secret?
