Legally blind and dying from lung cancer, Fred Holly still received great enjoyment developing algorithms to create unique, artistic designs with 64 Rubik's Cubes. This 24-page, full-color booklet includes all known designs. Collecting and restoring the 20-year old photos, this project became a labor of love for daughters Vera and Sarah, and grandson John Mankowski. Publication is timed to coincide with wife Ava Lee Holly's biography: A Time To Speak. ISBN: 978-1-59790-028-7.
