The new "Home" series from Beta-Plus invites you to take a fascinating journey through the most beautiful and inspiring interiors. The thirty volumes in this series are thematically divided by room (living rooms, bathrooms, kitchens and so on), and also by style (including designer homes, country houses and contemporary interiors). The reports in these books combine to create a unique voyage of discovery through modern trends in decoration and architecture, reflecting the lifestyle and outlook of people who live in these beautiful homes. "Home" series is a unique collection of thirty titles, eclectic and stylish, devoted to interior design and decoration, and presented in a handy format. Every book shows the finest projects by leading architects and interior specialists, in a kaleidoscope of styles and genres, and is packed with ideas for your own home. Often the overall atmosphere of a room is largely determined by the shades and nuances of colour that are used. "Living with Colour" shows the myriad of choices available, and how to use them effectively within the space you have.
