Former graffiti writer and founding member of the Montana Writer Team, Ruedione retired the spraycan years back, picking up a camera in its place. For Backflashes - Graffiti Tales, he's captured covert graffiti missions in his signature black and white style from Hamburg, Frankfurt, Heidelberg, Mannheim and Dortmund Germany; New York, Los Angeles and San Francisco in the USA; Amsterdam and Zwolle in the Netherlands; Naples and Salerno Italy; Sao Paulo, Brazil and Santiago de Chile. These pictures portray not only the forms, letters and characters, but also the moments, emotions and impressions that are integral to the act of writing graffiti. The raw inspiration, the adrenaline and the emotional weight of these artful, yet illegal acts are

captured faithfully by a member of the cognoscenti. A writer himself, Ruedione has been a constant companion to some of the best known graffiti artists for many years. His understanding of the lifestyle, the craft, artistic and illicit performance allows for a revealing vision that is clearly expressed throughout his work and which captures the act of graffiti as never before.
