In "Backcast", Lou Ureneck transforms a trip with his son, Adam, down a wilderness river into the heartfelt story of a father struggling to hold on to his son at a crucial moment in their lives. Encountering bears, rapids, turbulent weather and a mysteriously braiding river, Ureneck and Adam are sometimes at war with each other in their raft as they travel toward a deeper understanding of themselves and each other. "Backcast" explores the beauty of nature and its meaning in one man's life. It also maps the complexities of the human heart and conveys the fragility and strength of relationships.

怎麼說呢，嘴上說著盡父親的責任其實是自己更需要兒子需要被救贖。沒想好就結婚這事怎麼洗白啊。#不是我爹看不懂真想讓他讀讀看
