著者:Sarah R. Labensky

出版者:Prentice Hall

出版时间:2009-1-7

装帧:Paperback

isbn:9780135061077

Building on the success of On Cooking, 4th edition, the To Go version was inspired by the expressed desire of many users for a text that combines portability with meaningful

integration of technology. On Cooking To Go Edition retains all of the instructional in-chapter recipes from the fourth edition; the end-of --chapter recipes have been migrated from the printed book to the Web via i-COOK , a robust web-based recipe management system. This reduced page count provides a more streamlined and portable book. MyCulinaryLaba , our powerful new technology solution, is available for a package option. It does not come packaged with this isbn. MyCulinaryLaba enables students to study and master content online -- in their own time, and at their own pace. Performance is based on summative and formative (study plans, homework, extra practice, pre- and post-tests, etc) assessment in the form of rich media and a personalized study plans tied to specific learning outcomes.
