face2face is a six level general English course for adults and young adults. It goes from Starter level through to Advanced. The Student's Book provides approximately 60

hours of core teaching material, which can be extended to 90 hours with the inclusion of the photocopiable resources and extra ideas in the Teacher's Book. An interactive CD-ROM/Audio CD encourages learner autonomy, with exercises in all language areas, extra pronunciation activities, a progress chart, customisable tests and video. A selection of 'Real World' material can also be listened to using a normal CD player. New for the Starter level, 'Help with Sounds' activities enable students to improve their pronunciation by focusing on individual sounds.
