Stephen Coonts' bestselling novels takes readers into the heart of harrowing, pulse-pounding action, whether on land, on sea, or in the air. Now, this master of full-tilt, blockbuster suspense turns into a lush setting 90 miles from U.S. soil. In Cuba, Fidel Castro lies dying. Human sharks are circling. And one man has his finger on the trigger of a weapon that will change everything... Admiral Jake Grafton is overseeing a shipment of nerve gas being transferred for a top-secret U.S. stockpile at Guantanamo Bay. But a power struggle inside Cuba has ignited an explosive plot and turned a horrific new weapon on the U.S. Now, Jake must strap himself into the cockpit of a new generation of American aircraft and fly blind into the heart of an island that is about to blow--and take the whole world with it...
