Rachael Ray, the queen of delish dishes, is here to save dinner with a collection of comfort food recipes in a convenient format. Pick a card from the deck and use it as a shopping list when you go to the store. When you're ready to cook, prop up the card on the counter and follow the recipe for a quick dinner. This deck contains everything from Chinese food to cheeseburgers -- so you don't need to order in when you want a fun, fast meal.
