著者:Schuster, Heinz Georg 编

出版者:Wiley-VCH

出版时间:2009-6-8

装帧:Hardcover

isbn:9783527408504

Adopting a cross-disciplinary approach, the review character of this monograph sets it apart from specialized journals. The editor is advised by a first-class board of international scientists, such that the carefully selected and invited contributions represent the latest and most relevant findings. The resulting review uses a common language and enables both researchers and newcomers in both natural and social science as well as engineering to access the most important results.
