Ranald Macdonald’s roots are in the forest of Ontario’s easternmost county and his character was forged in the small Presbyterian church near his home. When he leaves to test his idealism and faith in the rough world of the lumber business, he brings pride to the minister’s wife who was the model for his life.

Met with international acclaim when published in 1901, The Man from Glengarry is a tale of courage and an exciting portrait of life in 19th-century Canada.
