Key features of this textbook include: discussion of all the main theories: realism and neo-realism, idealism and neo-idealism, liberalism, constructivism, post modernism, gender and globalization; a new chapter on green governance theory including use of the film "WALL-E"; innovative use of narratives from films that students will be familiar with: "Lord of the Flies", "Independence Day", "Wag the Dog", "Fatal Attraction", "The Truman Show", "East is East" and "Memento" an accessible and exciting writing style which is well-illustrated with film stills, boxed key concepts and guides to further reading. This breakthrough textbook has been designed to unravel the complexities of international relations theory in a way that gives students a clearer idea of how the theories work, and of the myths associated with them.
