Unique, simple approach to the complicated college prep process, from the leading authority in college admissions. Getting ready for college is a complicated and confusing process - how do you know when to take the SAT? When do you start applying to schools? What classes should you be taking to help prepare you for college-level work? Is there anything you should do before high school? Fiske Countdown to College is a comprehensive collection of simple, easy-to-use checklists that explain everything you need to do in each year of high school to make preparation for college a breeze. There are 28 "to-do" lists for parents and students, ten "don't" lists, three "top 10" lists, and two glossaries, divided by year, that walk you through high school to college. Quotes from students, parents, and counselors offer advice and support from people who've been through all of this before.
