A variety of beautifully-illustrated case studies of small houses ingeniously designed to maximize their limited space make this an indispensable sourcebook. Featuring thorough technical information -ground plans, materials, specifications on furniture and fixtures- this book provides information on every aspect of the design process from the ground up. These homes are streamlined inside and out, with dozens of never-before seen solutions in storage and an array of innovative, multi-purpose design solutions for furniture and fixtures in homes where space is a limited

commodity.
