This sturdy, strong-willed but very loyal dog requires careful training and socializing from the time he is a puppy so that he does not develop aggressive behavior traits. The titles in "Barron's Complete Pet Owner's Manuals" series make great introductions to the pleasures and duties of pet ownership for inexperienced and soon-to-be pet owners, as well as for older children having their first experiences with pet care. Attractively illustrated and filled with helpful information, these books advise on purchasing, housing, feeding, health care--and where applicable, grooming and training pets. Each book is individually written by an expert--a trainer, breeder, veterinarian, or other animal specialist. "Barron's Complete Pet Owner's Manuals" cover every popular dog and cat breed, as well as bird varieties, hamsters and other small caged animals, fish varieties for aquarium hobbyists, terrarium pets, and even exotics, such as reptiles, amphibians, and scorpions. All books have 70 or more color photos plus instructive line illustrations.
