Books in Barronas "Training Your Dog "series offer breed-specific advice on virtually every aspect of canine training, including housebreaking, obedience to basic verbal commands and hand signals, retrieving, and walking on a leash. Also covered are humane methods of breaking a dogas bad habits. The typical Labrador Retriever is good-natured by temperament and willing to please his master--qualities that make

him relatively easy to train. In this book, the author takes Lab owners step-by-step through her time-proven training method, which emphasizes positive reinforcement. Instructive color photos on most pages.
