"The Pharmacy Technician's Reference Guide" is the only pocket guide that gives pharmacy technicians a tool to carry with them through school and into the workforce. It can be used in hospitals and retail settings as a supplementary resource, and serves as a quick reference for the National Certification or as a review for current pharmacy technicians. This tool helps beginning students and practicing pharmacy technicians gain confidence and will ensure patient safety and accuracy in the pharmacy. The companion Website offers the full text online, so that users can access and quickly search and navigate the text anywhere they have an Internet connection. The Website also includes electronic flash cards.
