Get ready to enter a world of high-fashion and high-drama with a fabulous new fiction series inspired by the hit TV show America's Next Top Model!

ALEXIS: With my red curls and blue eyes, I may seem like just another shy small-town girl. But I have some serious secrets up my sleeve.

CHLOE: I've inherited my supermodel mom's looks, and everyone expects me to follow in her Jimmy Choos. The catch? My wildest dreams have nothing to do with a runway.

LINDSAY: Just call me the comeback kid. I used to be a celeb, but my star power dimmed. Now, I'm hoping that my beauty, brains, and a little bit of backstabbing will make me famous again.

SHIVA-ROSE: As the exotic international girl, I've got mystery working in my favor. But will a crush on the wrong guy threaten my shot at winning?
