This beautifully illustrated bedtime story encourages children to count to ten. The touch-and-feel glitter fairies make counting fun and easy. At the turn of each page, a sparkly fairy disappears from the beautifully illustrated dream scene until only one remains. A surprise pop-up ending reveals all ten fairies dancing together again. The whimsical, rhyming text will appeal to new and emerging readers. Counting is fun with the books in this series. Each book features a lively, rhyming tale that encourages young readers to count to ten. The text also reinforces early reading development. Plus, the fun illustrations, 3-D characters, and pop-up add a tactile touch to learning numbers.
