Whether you're building a chopper, a bobber, or a customized bagger--or simply adding personality to a stock cruiser--you want your bike to stand out. It is, after all, an original. For inspiration or direction, from the big idea to the finest detail, look no

further than this book. With hundreds of examples of what builders and painters and passionate owners have done with their bikes, "Custom Motorcycles "is a great way to get started--or to fine-tune a concept. Custom front ends, tanks, paint, frames, wheels, and more--every inch of a motorcycle can be customized, and every step of the process is covered in this book. Packed with over 700 photos and detailed information on any problem you might encounter, the book is the first and most valuable tool that anyone customizing a bike should have.
