出版者: Groundwood Books

出版时间: 2009-09-15

装帧: Hardcover

isbn: 9780888999573

Stories like "The Frog Prince" and "Tom Thumb" have been enduring favorites of young readers for their fantastic stories and captivating characters, while adults have appreciated the moral lessons they impart. But there are dark elements in these and

other tales by the Brothers Grimm — from Rapunzel's entrapment by an evil witch to Little Red Riding Hood's deadly encounter with the Wolf. Contemporary readers like a fairy tale with a good scare, and that's what these witty, slightly chilling retellings in *Definitely Not for Little Ones* deliver. Mixing irreverent humor and creepiness, author and artist Rotraut Susanne Berner presents Grimm's characters as both recognizable and very contemporary. In addition to the stories above, the book includes "Lucky Hans," "Mother Holle," "Jorinda and Jorindel," "Hans the Hedgehog," and more — all brought to life by Berner's vibrant illustrations.
