Forced on hiatus from her producer's job on *Marry Me or Else!*, Minerva Watkins heads for the tiny fishing village of Tuck Harbour. Working the counter at Eats n' Treats, Minerva gets to know the locals, including eligible bachelor Joe McTeal. But try as she might to love Joe and the quaint fishing village, Minerva can't ignore the call of the big city. A comical look at life in the slow lane, *The Catch* is a sassy, sexy update of *Anne of Green Gables*.
