From a celebrated author comes a tale of adventure, suspense, and friendship. Cosmos and Niner have adapted to their life on the street, but they decide to set out on a journey to the beach where they can enjoy the summer weather year-round. Their plan has one hitch: they need money to make the trip. When a potential patron asks what the pair might be willing to sell, Niner and Cosmos offer their only item of value — Niner’s guardian angel. Once they’ve set out, Niner takes a turn for the worse, and Cosmos realizes he needs that guardian angel back to save his friend. An arresting tale for young readers, Beyond the Station Lies the Sea is a terrific addition to an already beloved body of work.
