Designed to meet the needs of users across all experience levels, Microsoft Office 2008 for Mac, Illustrated Brief equips readers with Microsoft Office 2008 skills, starting with the basics. As part of the Illustrated Series, this text is written in a user-friendly format,

employing the Illustrated Series' hallmark two-page spread design. The left page contains concise, step-by-step instruction; the right page presents large, full-color screenshots to illustrate exactly what readers should see on their screen. The visual approach to the Illustrated Series aligns perfectly with the learning styles of many Mac users.
