Myles Textbook for Midwives, recognised as the leading international textbook for midwives, has been fully updated with recent guidelines, protocols and research evidence, and with updated illustrations. This edition has a new chapter on emotion

work and focuses on normality, whilst equipping midwives to recognise and respond to complexity in childbearing and parenthood.

This 15th edition features a free website providing:

- \* Bank of multiple-choice questions for self-testing
- \* Illustrations from the book, with and without labels, for student and instructor use

This is the midwifery textbook of choice throughout the world!

Focus on woman-friendly care Women's stories to highlight good practice Colour photographs identify problem conditions and illustrate breastfeeding positions Focuses on normality whilst equipping midwives to handle complexity

Bonus website features a bank of multiple-choice questions for self-testing, and illustrations from the book, with and without labels, for student and instructor use New chapter on "emotion work" New and improved 2-colour figures throughout Colour photograph section now grouped by topic Updated to cover latest guidelines, protocols and research evidence
