Part of the Ebook Lecture Series! Designed for mastery of graphic design concepts through self-study without the use of printed books, students watch and listen to full-length training sessions that cover key topics using Adobe InDesign CS4 (including

many features available in version CS3), along with some Adobe Photoshop CS4 techniques. Each lecture teaches the processes of combining text and graphics to communicate an effective message.

Features include:

Lectures on key graphic design concepts recorded on DVD including Adobe InDesign s interface, tools, and prepress preparation

Adobe InDesign and Photoshop integrated throughout lectures

Step by-step instructions on how to create simple print documents including business cards, postcards, book covers, and newsletters

All lectures recorded by an university instructor

Compatible with iPhone.
