Everybody loves KORKY--especially in this brand-new, chunky board book edition of Cristiano Sorrentino's irresistible story Loveable, huggable, and ever so snug-able Korky is the puppy of every kid's dreams. He's inspired by Cristiano's own pet: mischievously chasing toys, chewing shoes, and making a mess. (That's what Korky does best.) Of course, he's also tops at kissing the nose of his young owner when the boy feels sad. Kids will read this wonderful tale of mischief and puppy love again and again.
