What kind of animal has a porcupine's spines and a crocodile's teeth; a flamingo's neck and a toucan's beak; a chameleon's tail and a rooster's feet? Has such a strange thing ever been seen? Fun and unique--like the fabulous beast it conjures up--"Call Me Gorgeous " celebrates diversity and the beautiful differences between all creatures. Its spectacular collage illustrations and humorous text will have kids laughing and guessing all the way through.
