Very Christmas Eve, a boy named Owen builds the very best snowman he can, only to see it melt away on Christmas Day. "There must be a way to make it last," he thinks. So begins an adventure that leads Owen to a magical place where curious animals study his snowman piece by piece in an attempt to remake a perfect snowman. But in the end, it is Owen who supplies the one thing they need the most. Have they finally found the secret to making a snowman that will last forever?
