This book provides full details of contemporary economic and political developments in North Korea since late 2005, continuing the overview of developments which were covered in the author's *North Korea: A Guide to Economic and Political Developments* (Routledge 2006). Key topics covered include: the succession; family visits; human rights; nuclear capability and intentions; recent initiatives in international relations, and relations with the United States; and adverse economic and social conditions. Overall, the book demonstrates the degree to which North Korea's international position is changing. This book provides a comprehensive overview of the current

political and economic situation in North Korea today, and is an important resource for all those interested in this country's recent development.
