After thirty years, "PPID" is still the reference of choice for comprehensive, global

guidance on diagnosing and treating the most challenging infectious diseases. Drs. Mandell, Bennett, and Dolin have substantially revised and meticulously updated, this new edition to save you time and to ensure you have the latest clinical and scientific knowledge at your fingertips. With new chapters, expanded and updated coverage, increased worldwide perspectives, and many new contributors, "Mandell, Douglas, and Bennett's Principles and Practice of Infectious Diseases, 7th Edition" helps you identify and treat whatever infectious disease you see. And, as "An Expert Consult" title with enhanced online features, this updated 7th edition comes with convenient access to the full text online, and regular updates on the new developments in the field and advances in therapy.
