A cyber-master's tips at one's fingertips...

With this highly organized, tightly written, detail-rich reference to the Internet, beginning and intermediate users who need information fast will soon be fully exploring the online world of banking and bill paying, games, social networking, blogging, shopping, news, entertainment, and more. It includes everything from safeguarding one's computer to cookies to downloading.

 ・The Internet continues to grow in almost every aspect of online activity

 ・Part of the book's audience: older and more recent users looking to "learn the Internet"

 ・The only book available about the Internet in an easy-to-navigate quick reference format
