Dan Solin's internationally bestselling books have changed the way readers invest.

"It's easy to see why Mr. Solin's approach makes sense."

-- The New York Times on The Smartest Investment Book You'll Ever Read

"Read this book and take action. The difference will all be in your pocket."

--Syndicated columnist Scott Burns on The Smartest 401(k) Book You'll Ever Read

"(The Smartest 401(k) Book You'll Ever Read is) one of the most valuable financial planning books (for) 2008"

-- The Wall Street Journal

The Smartest Retirement Book You'll Ever Read will change the way you retire - no matter what the state of the economy.

Follow the advice in The Smartest Retirement Book You'll Ever Read and you will:

- * Find simple strategies to maximize your retirement nest egg.
- * Seer clear of scams that rob you of your hard earned savings.
- * Ensure your money lasts longer than you do.
- * Avoid the common mistakes that can leave your spouse impoverished.
- * Discover financial lifelines in desperate times.

Dan Solin has garnered a legion of fans with his international bestselling books, The Smartest Investment Book You'll Ever Read and The Smartest 401(k) Book You'll Ever Read . These books, and his widely read blogs on AOL and The Huffington Post , have established him as a leading investor advocate. Solin takes on the establishment and provides advice that benefits every hard working American -- advice you won't get anywhere else.

Solin provides smart insights that can save you a bundle, like which accounts should be tapped first to support your retirement lifestyle and what little- known, low-cost insurance product can give you total confidence that you will not outlive your money.

The Smartest Retirement Book You'll Ever Read covers topics that worry readers most in these trying times: investing, pensions, tax deferred accounts, annuities, reverse mortgages, insurance, estate planning, social security, health care, and where to get the most trustworthy professional help when you need it.

With its clear, concise writing and short, pithy chapters, this book is as easy to read as it is to understand. More important, you can quickly implement its suggestions.
