Vampires have always fascinated and frightened, and now their reach goes beyond horror-flick fans. Teens the world over have fallen under the spell of these mysterious, blood-sucking, and oh-so-alluring beings. From Buffy to Twilight, vampire fans have gotten smarter and savvier, and this is the book for them. Learn how vampires live, how they avoid capture, and why they're so darn attractive. Also trace the history of vampire lore--in literature, movies, and on television--from the woods of Transylvania to the modern-day high school. Chock full of info and insight, each gorgeous page will

draw in readers of every age, with innovative styling, never-before-seen imagery, and deliciously wicked design. Perhaps this enticing tome is best read while wearing a garlic necklace . . .
