Elaborate, fanciful illustrations turn this counting book into a true adventure — and a delightful hunt for hidden clues.

ONE DRAGON HAD A DREAM

THAT TWO TURKEYS TEASED HIM . . .

Enter the strange and surreal dream world of a dragon — and pore over intricately detailed illustrations to discover a wealth of visual surprises. Each spread features a number from one to ten, and each illustration embodies bountiful examples of that number, if only you can spot them all! An instant classic in Australia when it was first published in 1978, this one-of-a-kind counting book continues to enchant.
