Making jewelry with cube beads requires no special training or classes. This book explains it all. With clear instructions and hundreds of color photographs, expert Virginia Jensen shows how to make stunning jewelry using many of the most popular

off-loom stitches. Chapters are divided by project type, including bracelets, earrings, necklaces, rings, and decorative items. Beginners learn the fundamentals of many popular stitches as they create the projects, while more experienced crafters enjoy the challenge of weaving an uncommon shape into a knockout piece.
