He Is...I Say examines Neil Diamond's singular place in the pantheon of popular

music. David Wildwho has written about Diamond for Rolling Stone , penned the liner notes to a number of Diamond’ s anthologies, and produced Diamond’ s scandal-free episode of Behind the Music . Now he dares to turn on his Heartlight,” offering a moving and hilarious salute to his own Jewish Elvis based on his past interviews with the Solitary Man himself. An illuminating snapshot of a beloved American icon, He Is...I Say endearingly speaks to the condition of being a Diamondhead in a hipper-than-thou world, while fully illustrating exactly what it is that makes the man and the artist so special.
