That strategy you've defined for your group is brilliant--promising better market share, higher profits, or some other impressive business result. But your strategy won't deliver the expected outcomes if you and your group don't execute it that is, if you don't put it into action by implementing the right strategic initiatives.

This volume helps you master the challenging art of strategy execution. You'll learn how to:

- Craft action plans for the strategic initiatives required to meet your goals
- Keep your action plans on course despite the inevitable setbacks and surprises
- Cultivate employees' sense of ownership and accountability for your plans
- Create a group culture in which everyone views strategy as their job
